SUMMARY

I build .NET solutions since 2019 (commercially since 2024) with strong foundation in computer engineering, software design (with AI) and mentoring.

EXPERTISE

Desktop & Web: Building modern containerized services with desktop frontend using ASP.NET (Core), WinUI 3, WPF, UWP ensuring stability via unit and automated UI testing. (xUnit, NSubstitute, Shouldly)

DevOps: Automating workflows via Azure DevOps, GitHub Actions using YAML and PowerShell.

Technical Writing: Writing extensive internal docs from READMEs to pipeline configuration guides.

AI: Developing RAG modules using Python FastAPI, SentenceTransformers and unstructured.io.

BACKGROUND

Proactive youth: Awarded by JASU and VNTU for achievements in software design, awarded by Governor of Sumy Oblast for academic and public achievements.

Mentorship: Teaching experience C#, C++ and Python to kids help me write clean documentation for adults.

EXPERIENCE

08.2024 – now	Junior C# Developer ASP.NET Core / Azure DevOps / MSBuild / Docker / Python / AI / PowerShell / WPF / UWP / WinUI	Digital Cloud Technologies
03.2024 – 08.2024	Trainee C# Developer C# / WPF / UWP / MVVM	Digital Cloud Technologies
04.2023 – 06.2024 part time	Teacher C# / Unity / Python / lua	Professions of the Future Academy
09.2023 – 05.2024 part time	Mentor (Section Leader) C# / C++	Romny JASU
11.2023 – 01.2024 part time	Tech Support	Romny Professional College of Vadym Hetman Kyiv National Economic University
09.2023 – 11.2023 part time	Tech Support	Romny school No. 5

EDUCATION

2024 – now	Bachelor's Degree Computer Science	Cherkasy State Technological University
2020 – 2024	Junior Bachelor's Degree Computer Engineering	Romny Professional College of Vadym Hetman Kyiv National Economic University

LANGUAGES

English - upper-intermediate

Ukrainian - native

Russian - fluent

Polish - beginner

HOBBIES

I am passionate about retro gaming, retro cars and tech of the 80s / 90s, which inspires my work in software development.

I also enjoy hiking and exploring nature, which help me stay creative and motivated.

TECH
